

## **Scent-Free Policy**

Halton Waldorf School students and employees report sensitivities to various chemical-based or scented products. We ask for everyone's cooperation in our efforts to accommodate their well-being.

Scented products such as hair spray, perfume, and deodorant can trigger reactions such as headaches, nausea, skin rashes, and respiratory distress. Students, staff, and visitors are asked not to use these products at school or events hosted at the school.

Halton Waldorf School is committed to maintaining a Scent-Free environment. Your adherence to this policy while at school or work is crucial to the well-being of our community.

Signs posted at the grade school and high school will inform and remind students, faculty, and visitors of this policy.
